The University of California, SANTA BARBARA offers a world-class education in a picturesque seaside location.
Ranked as one of the top teaching and research institutions in the United States, and one of only 62 institutions in the prestigious Association of American Universities, UCSB has an outstanding faculty that includes six Nobel Laureates and many other award-winning scholars.
GLOBAL REACH

UCSB’s notable faculty and alumni have made research contributions with national and international impact.

**NO. 8**
among U.S. public universities
(U.S. News & World Report Best Colleges ranking, 2016)

Professors
**SHUJI NAKAMURA**
won a Nobel Prize for Physics in 2014

**NO. 1**
among the world’s public universities
(Centre for Science & Technology Studies at Leiden University, Netherlands, 2016)

Alumna
**CAROL GREIDER**
won a Nobel Prize for Physiology / Medicine in 2009

**NO. 39**
among all the world’s universities

Professor
**SHUJI NAKAMURA**
won a Nobel Prize for Physics in 2014

Assistant Professor
**MICHELLE O’MALLEY**
received the Presidential Early Career Award for Scientists and Engineers in 2016

Alumnus
**LOGAN GREEN**
co-founded the Lyft transportation company

Professor
**JOSEPH INCANDELA**
led the team that detected the Higgs boson particle

Alumnus
**JOSÉ HERNÁNDEZ**
is a former NASA astronaut

Assistant Professor
**HUIJIA (RACHEL) LIN**
studies cyber security and hosted the 2015 CRYPTO international cryptology conference at UCSB

Alumnus
**ROBERT BALLARD**
discovered the wreck of the RMS Titanic

The yearly Undergraduate Research Colloquium allows over 250 students to display their research and creative activities.

**RESEARCH**

From ocean physics to arts, from humanities to brain imaging, UCSB students have the exciting opportunity to collaborate with faculty members on original research and creative projects in a wide variety of disciplines. Learn more about UCSB’s many research units and centers at www.research.ucsb.edu.

|$200,000$ in grants and funding to support undergraduate research each year

|$600+$ active inventions have resulted from UCSB research

| Over $50\%$ of undergraduate students conduct research

| $11$ national institutes and centers, several of which are funded by the National Science Foundation
STUDENT LIFE

SHOW YOUR SPIRIT
Cheer on UCSB’s 20 men’s and women’s Division 1 NCAA teams.
www.ucsbgauchos.com

Baseball (M), Basketball (M, W), Cross Country (M, W), Golf (M), Indoor Track (W), Soccer (M, W), Softball (W), Swimming & Diving (M, W), Tennis (M, W), Track & Field (M, W), Volleyball (M, W), Water Polo (M, W)

LEARN TO LEAD
Build skills for a successful future with a wide variety of leadership training opportunities including the Scholarship, Leadership, Citizenship program.
http://leadership.sa.ucsb.edu

LIVE YOUR PASSIONS
More than 500 student organizations let students explore their interests in arts, academics, athletics, politics, cultural pursuits and more.
http://osl.sa.ucsb.edu

SERVE THE COMMUNITY
Nearly 60 campus clubs and organizations are dedicated to service. More than 9,000 students volunteer in the local community each year.
http://cab.as.ucsb.edu

SEEK KNOWLEDGE
The newly renovated UCSB Library holds 3 million volumes, 60,000 square feet of new space and the Summit Café.

STAY ACTIVE
Students stay active at the Recreation Center and with outdoor activities including kayaking, backpacking, hiking, camping and more.
www.recreation.ucsb.edu
CAMPUS COMMUNITY

DIVERSE EXPERIENCES

The UC Education Abroad Program offers study abroad programs in more than 40 countries. UCSB sends more students abroad each year than any other UC. [https://eap.ucsb.edu](https://eap.ucsb.edu)

The Non-Traditional Student Resource Center serves students from diverse backgrounds including those who took time off before going to school, who are transferring at an age older than most students, who have families or who are re-entering. [http://wgse.sa.ucsb.edu/nontrad](http://wgse.sa.ucsb.edu/nontrad)

The Transfer Student Center in the UCSB Library offers a study space, full-time academic advisors, peer mentors and workshops for transfer students once they arrive at UCSB. The center helps transfer students thrive academically and socially. [www.transfercenter.ucsb.edu](http://www.transfercenter.ucsb.edu)

Guaranteed university housing

Housing is available for four years for freshmen and two years for transfer students as long as application deadlines are met. UCSB has eight high-rise and low-rise residence halls with ocean, lagoon and mountain views as well as undergraduate apartments. Family student housing is also available, and students should add their name to the waiting list as soon as possible. [www.housing.ucsb.edu](http://www.housing.ucsb.edu)

Living-Learning Communities (LLCs)

LLCs provide themed living options that connect students who share similar interests. Options include:

- Asian & Pacific Islander Scholars
- Black/African American Scholars
- Chicano/Latino Scholars
- Creative & Performing Arts
- First Generation
- Global Living Experience
- Green Living
- Multicultural Experience
- Wellness
- Women in Science & Technology

Local, sustainable dining options

The UCSB Dining Commons provide meals with fresh, natural and seasonal ingredients. UCSB students who live both on and off campus may enroll in a meal plan. Students also have access to a variety of dining options on campus and in the surrounding community, including a weekly on-campus farmers market. [www.housing.ucsb.edu/dining](http://www.housing.ucsb.edu/dining)

CAMPUS DIVERSITY

Approximately 18,000 students live on or within one mile of campus, creating a strong residential community.

RESIDENTIAL CAMPUS

UCSB is designated as a Hispanic-Serving Institution.

ACADEMICS & SUPPORT

THREE UNDERGRADUATE COLLEGES

The College of Letters & Science offers a broad liberal arts curriculum that prepares students for careers or graduate study. An exciting array of majors help students develop critical thinking and communication skills needed in today’s changing world—in the humanities and fine arts, life and physical sciences, mathematics and the social sciences. Freshman seminars, taught by research faculty, explore challenging contemporary topics in small discussion groups. The College of Letters & Science Honors Program creates a community of scholars for highly motivated students. www.duels.ucsb.edu

The College of Engineering offers five majors, plus accelerated programs that lead to master’s degrees in five years. The environment and modern laboratory facilities foster creativity, collaboration and discovery. Courses balance theory and applied science, leading students to successful careers in academia and industry. An encouraging environment and a low student-to-faculty ratio allow students to take part in faculty-directed research and hands-on projects that solve today’s grand challenges in engineering. Students interested in the business side of technology can take advantage of an entrepreneurial-positive environment. www.engineering.ucsb.edu

The College of Creative Studies supports highly motivated students in research and the creation of new knowledge in eight disciplines—Art, Biology, Chemistry/Biochemistry, Computing, Mathematics, Music Composition, Physics and Writing & Literature. Small CCS seminars and close mentorship by faculty, coupled with access to classes and resources across campus, permit students to make original contributions to their fields. Applicants must submit a supplemental application for review by faculty. www.ccs.ucsb.edu

PRE-PROFESSIONAL PROGRAMS

These programs are open to all students regardless of major:

› Pre-health students gain hands-on experience in Santa Barbara’s hospitals and clinics. www.duels.ucsb.edu/academics/health

› Pre-law students work with local policy, law enforcement, lawyers and courthouses. www.duels.ucsb.edu/academics/law

› Technology Management Program (TMP) students learn valuable business and entrepreneurship skills. www.tmp.ucsb.edu

› Education: students build their résumé with minors and internships in local schools. www.education.ucsb.edu/minors

ACADEMIC SUPPORT SERVICES

› Campus Learning Assistance Services (CLAS) offers tutorials, workshops, writing labs, skills assessments and drop-in hours.

› Office hours provide students with one-on-one support from faculty and teaching assistants.

› Faculty Research Assistance Program (FRAP) allows students to conduct research with faculty while earning academic credit.

› Undergraduate Research and Creative Activities (URCA) helps fund research and creative activities under faculty guidance.

› Disabled Students Program (DSP) provides support including reading services, note takers, test taking accommodations and more.

› Guardian Scholars supports the success of students who have been part of the foster care system.
MAJORS & MINORS

COLLEGE OF LETTERS & SCIENCE

- Actuarial Science, B.S.
- Anthropology, B.A.: optional emphases in Archaeology, Biological, Cultural
- Aquatic Biology, B.S.
- Art, B.A.
- Asian American Studies, B.A.
- Asian Studies, B.A.
- Biochemistry, B.S.
- Biochemistry - Molecular Biology, B.S.
- Biological Sciences, B.A., B.S.
- Biopsychology, B.S.
- Black Studies, B.A.
- Cell and Developmental Biology, B.S.
- Chemistry, B.A., B.S.
- Chicana and Chicano Studies, B.A.
- Chinese, B.A. (Mandarin)
- Classics, B.A.: emphases in Classical Archaeology, Classical Language and Literature, Greek and Roman Culture
- Communication, B.A.
- Comparative Literature, B.A.: emphases in Interdisciplinary, Foreign Language
- Dance, B.A., B.F.A. (audition required)
- Earth Science, B.A.
- Earth Science, B.S.: emphases in Climate and Environment, Geohydrology, Geology, Geophysics, Paleobiology
- Ecology and Evolution, B.S.
- Economics, B.A.
- Economics and Accounting, B.A.
- English, B.A.
- Environmental Studies, B.A., B.S.
- Feminist Studies, B.A.
- Film and Media Studies, B.A.
- Financial Mathematics and Statistics, B.S.
- French, B.A.
- Geography, B.A.: optional emphasis in Geographic Information Science
- Geography, Physical, B.S.
- German, B.A.
- Global Studies, B.A.
- History, B.A.
- History of Public Policy, B.A.
- Hydrologic Sciences and Policy, B.S.: emphases in Biology and Ecology, Physical and Chemical, Policy
- Italian Studies, B.A.
- Japanese, B.A.
- Language, Culture and Society, B.A.
- Latin American and Iberian Studies, B.A.
- Mathematical Sciences, B.S.
- Mathematics, B.A., B.S.
- Medieval Studies, B.A.
- Microbiology, B.S.
- Middle East Studies, B.A.
- Music Studies, B.A.: optional emphases in Ethnomusicology, Interdisciplinary Studies of Music, Western Art Music
- Pharmacology, B.S.
- Philosophy, B.A.: concentrations in Core Philosophy, Ethics and Public Policy
- Physics, B.A., B.S.
- Physiology, B.S.
- Political Science, B.A.
- Portuguese, B.A.
- Psychological and Brain Sciences, B.S.*

COLLEGE OF ENGINEERING

- Chemical Engineering, B.S.
- Computer Engineering, B.S.
- Computer Science, B.S.
- Electrical Engineering, B.S.
- Mechanical Engineering, B.S.

FIVE-YEAR PROGRAMS

- Computer Science, B.S./Computer Science, M.S.
- Computer Engineering, B.S./Computer Science, M.S.
- Electrical and Computer Engineering, M.S.
- Electrical Engineering, B.S./Electrical and Computer Engineering, M.S.
- Chemical, Electrical, Mechanical Engineering, B.S./Materials, M.S.
- Mechanical Engineering, B.S./Mechanical Engineering, M.S.

COLLEGE OF CREATIVE STUDIES

- Art, B.A.
- Biology, B.A.
- Chemistry/Biochemistry, B.A., B.S.
- Computing, B.S.
- Mathematics, B.A., B.S.
- Music Composition, B.A.
- Music, B.A., B.S.
- Writing and Literature, B.A.**

- ADDITIONAL UCSB MINORS

- American Indian and Indigenous Studies
- Applied Psychology
- Astronomy and Planetary Science
- Education
- Global Peace and Security
- Jewish Studies
- Labor Studies
- Language and Speech Technologies
- Lesbian, Gay, Bisexual, Transgender and Queer Studies
- Mathematics for High School Teaching
- Professional Writing
- Russian
- Science and Mathematics Education
- Sociocultural Linguistics
- Spatial Studies
- Theater Production and Design
- Translation Studies
- Women, Culture and Development

NOTES

- Also available as a minor.
- New students are admitted to “pre-major” status and must satisfy course and GPA requirements in order to advance to the major. See the UCSB General Catalog for details.
- Contact department for available concentrations.
- Students interested in science are encouraged to declare a specific major to improve access to science classes.
- Transfer applicants may still apply to Psychology, B.A. for fall 2017 admission.
- ** Not available to transfer applicants for fall 2017 admission.
FRESHMAN ADMISSION

ELIGIBILITY & SELECTION

› Attaining eligibility by meeting the UC admission requirements is an important first step toward gaining admission to UCSB, but eligibility alone will not guarantee admission.

› Admitted applicants typically exceed UC admission requirements.

› When a UC campus cannot admit all eligible applicants, it uses selection criteria (www.admissions.ucsb.edu/applying/freshman/selection). Selection is determined following a comprehensive review of an applicant’s achievements and personal qualities as seen in the context of the opportunities and/or challenges the applicant has experienced.

Selection Considerations

› Challenges, special circumstances, hardships and persistence
› Leadership, initiative, service and motivation
› Diversity of cultural and social experiences
› Intellectual and creative engagement and vitality
› Honors, awards, special projects and talents

UC ADMISSION REQUIREMENTS

1. “a-g” Subject Requirement

Complete UC-approved courses in seven “a-g” subject areas with grades of C or better. California students may refer to their school’s UC-certified course list at www.ucop.edu/agguide.

<table>
<thead>
<tr>
<th>Course Content</th>
<th>Course Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td>a: History or social science</td>
<td>2 years</td>
</tr>
<tr>
<td>b: College-preparatory English</td>
<td>4 years</td>
</tr>
<tr>
<td>c: Mathematics</td>
<td>3 years (4 years recommended). At minimum: elementary algebra, geometry and advanced algebra.</td>
</tr>
<tr>
<td>d: Laboratory science</td>
<td>2 years (3 years recommended). Must include two of these three: biology, chemistry or physics.</td>
</tr>
<tr>
<td>e: Language other than English</td>
<td>2 years (3 years recommended)</td>
</tr>
<tr>
<td>f: Visual/performing arts</td>
<td>1 year from a single discipline: dance, drama/theater, music or visual art.</td>
</tr>
<tr>
<td>g: College-preparatory elective(s)</td>
<td>1 year beyond the minimum “a–f” courses required.</td>
</tr>
</tbody>
</table>

2. Scholarship (GPA) Requirement

Students must earn a minimum GPA of 3.0 (3.4 for non-residents) in all “a-g” courses above. Only the grades earned in “a-g” subjects in the tenth and eleventh grades—including summer sessions before and after these years—are used to calculate your UC GPA. Courses taken in the ninth and twelfth grades can be used to meet the “a-g” subject requirement if you earned a grade of C or better, but they will not be used to calculate your GPA.

3. Examination Requirement

Take one of the following exams by the end of December of the senior year:

SAT Reasoning Test with Essay OR ACT Assessment Plus Writing

Note on the SAT

UC will accept both the old and the new versions of the SAT for freshmen applicants applying for fall 2017.

› Optional SAT subject tests: The College of Engineering recommends the Math Level 2 subject test. The College of Creative Studies recommends a subject test related to the chosen major.
TRANSFER ADMISSION

› UCSB admits junior-level transfers for the fall term only.

› Admitted applicants typically exceed UC admission requirements, so applicants should plan a course of study that exceeds minimum requirements and complete as much preparation for their chosen major as possible.

› Priority consideration is given to California community college (CCC) students.

www.universityofcalifornia.edu/admissions/transfer
www.admissions.ucsb.edu/applying/transfer

UC ADMISSION REQUIREMENTS

1. Complete 60 semester or 90 quarter units of UC-transferable college credit with a grade point average of at least 2.4 for California residents (2.8 for nonresidents). No more than 14 semester or 21 quarter units may be taken Pass/Not Pass.

2. Complete the following seven-course pattern requirement, earning a grade of C or better in each course:
   A. Two courses in English composition
   B. One course in mathematics beyond intermediate algebra, such as college algebra, precalculus or statistics
   C. Four courses from at least two of the following areas:
      › Arts and humanities
      › Behavioral and social sciences
      › Biological and physical sciences

3. Complete required major preparation courses.

TRANSFER RESOURCES

General Education / IGETC
The Intersegmental General Education Transfer Curriculum (IGETC) is a series of courses that CCC students may take to satisfy the lower-division breadth/general education requirements at UC. **Completing IGETC is not required for admission.**

UC Transfer Pathways
UC Transfer Pathways offer a single set of courses to prepare students to transfer into 21 majors at any UC campus.
http://admission.universityofcalifornia.edu/transfer/preparation-paths

UC Transfer Admission Planner (UC TAP)
UC TAP is an online tool for students to track and plan their transfer to a UC campus.
https://uctap.universityofcalifornia.edu

Transfer Admission Guarantee (TAG)
TAG offers guaranteed admission to CCC students who meet specific course and GPA requirements. **www.admissions.ucsb.edu/applying/transfer/tag**

› Available for: All College of Letters and Science majors except performing arts majors
› Not available for: College of Engineering and College of Creative Studies majors
› File TAG online: September 1-30.

What courses will transfer to UC Santa Barbara?
Admissions does not evaluate transcripts before a student applies. Students at CCCs may check transferability of specific courses on the ASSIST site, www.assist.org. Students at four-year colleges, or colleges outside California, may refer to the UCSB Guide to Course Transferability at www.admissions.ucsb.edu/applying/transfer/eligibility-and-selection.
FINANCIAL AID

About 71% of UCSB undergraduate students receive financial assistance, determined by need. For advice on financing a UC education, see the University of California website on applying for financial aid at www.universityofcalifornia.edu/admissions/paying-for-uc.

Types of Financial Assistance

Financial assistance is available from federal, state and university sources in the form of grants, loans, work-study and scholarships.

How to Apply: Submit the FAFSA

To apply for federal aid, complete the Free Application for Federal Student Aid (FAFSA) starting in October online at www.fafsa.gov. Submit the FAFSA by the March 2 deadline before each academic year. For more information, visit www.finaid.ucsb.edu.

Estimated Undergraduate Student Budget 2016-2017 Academic Year
