Student Resources

Welcome to the UC Santa Barbara Military Community Resource Guide. UCSB has many resources available for military-related students, including active/reserve and National Guard members, Veterans and military dependents. UCSB has become a recognized leader in its efforts to support military-related students. We encourage all military-related students interested in pursuing an education at UCSB to contact Veterans and Military Services on campus.

VA Educational Benefits & Financial Aid

The Office of Financial Aid and Scholarships is responsible for certifying and processing state and federal educational benefits for all military-related students. Information is also provided for students serving on active duty using the Military Tuition Assistance benefit. They are encouraged to submit the Free Application for Federal Student Aid (FAFSA) by the annual March 2 deadline to optimize their aid.

Office of Admissions

Military-related students are an invaluable part of the UCSB campus community. To ensure a successful academic experience, military-related students must meet minimum eligibility requirements and be competitive for admission to UCSB. The Office of Admissions has dedicated Veterans Admissions Counselors who can assist with questions about eligibility, selectivity and course transferability.

University Housing

UCSB guarantees university housing for all students and gives priority consideration for housing placement to Veterans. Exceptions are made to allow Veterans to live in upper division or graduate student housing for which they might otherwise be ineligible, and contract start and end dates can be flexible due to military obligations.

Payment due dates are also deferred for military-related students to account for the normal delay in receiving the monthly Basic Allowance for Housing (BAH).

Veterans and Military Services (VMS)

Veterans and Military Services (VMS) provides 360-degree support to UCSB's military-related student community. As the military community's first stop and strongest advocate, VMS promotes a positive educational experience for military-related students, supports their transition to and through the academic community and facilitates access to training, services and resources to enable degree completion. sa.ucsb.edu/veterans

Student Veterans Organization (SVO)

The SVO aims to make the transition to college life as smooth as possible by offering support to new and continuing military-related students. The SVO is a great way for students to get involved in social events, community service, campus leadership and UC policy creation. The organization also works to establish widespread networks of support for military-related students at UCSB and after graduation.

Veterans Resource Center (VRC)

The VRC provides a place for students to study, relax and meet fellow military-related students on campus. The center is open 24 hours a day, 7 days a week and provides free wireless internet, lounge space, snacks and study services including a printer, fax machine and scanner. The center also provides information on community resources, workshops and social events. In addition, students using VA benefits may be eligible for VA Work-Study in the VRC.
